## JOINT OPEN SOURCE ROADMAP ALLIANCE

Josra is an alliance between companies who strive to gain a higher pace of progress and maturity within the area of software development than the individual company could accomplish single-handedly.

### WHAT IS INCLUDED?

- 40 hours of development on Open Source tools
- Managed roadmaps on the development of new features and fixes
- Dedicated facilitation of the Josra alliance activities and initiatives
- Ongoing maintenance of the tools in the Josra tool stack
- Two seats at every Josra alliance gathering where the roadmaps of the josra tool stack are discussed
